FILE No. 481 OF 1890

In letter No. 648 dated the 3rd December 1890, the President of the Municipal Commission in the Colombo Station applies for sanction to the purchase of an eight ton steam roller at a cost of Rs 6600/- for the use of the Municipality.

Paras: 1 to 13 of Mr. Oshaughnessy's report explain the necessity for the purchase of this machine. The cost is proposed to be debited as follows:-

(a) Rs 2500/- a saving in the allotment for roads.

(b) 2500/- allotted for cattle sheds

(c) balance 1600 to be met from next year's budget.

(a) & (c) appear to be free from objection as regards (b), it is submitted that on a representation of the military authorities & of the Sanitary Board in connection with the question of the supply of wholesome milk & butter, it was proposed to erect cattle sheds, & the Resident sanctioned a

sum of Rs 2500/- on this account on the 10th April 1890. The Municipal Commissioners do not explain why this project has been postponed, & the President may perhaps be asked to explain this, before sanction is accorded to the purchase of the steam roller.

The amount sanctioned in the current year's budget was Rs 2500/- The Municipal Engineer however submitted a fresh plan & estimate for a shed on an improved design affording accommodation for 60 cows at a cost of Rs 4260/- The Municipality attempted to obtain a moiety from the Military Authorities who declined to contribute any thing as they made over the Soldiers garden, free of cost, for the erection of the ~~cost~~ shed. Hence the construction has been deferred & the board has resolved to provide the full cost, Rs 4260/- in the budget for 1891-92.

In a few other instances, it was found that the estimate originally framed was not adhered to, & sanction obtained for a revised estimate at a higher cost. ~~In the present case~~, The plan of the original estimate, in the present case was approved by the Resident - Sl.
